

Bulletin #2007-010 24 – October - 2007

Subject:
Clarifications of Article 3.3.A

Overview:
Effective immediately, Bulletin 2007-008 is hereby rescinded and Article 3.3.A is replaced with the following:

- A. It is recommended that all driving suits carry the championship patch (or embroidery), title sponsor patch (or embroidery) and/or other patches (or embroidery) associated with championship programs, as per Figure 3-2.

In addition, Article 5.2.E is replaced with the following:

- E. All patches and embroidery on a driving suit must be applied in a manner that is acceptable to the manufacturer of that driving suit. The driving suits of competitors entering a national event should carry patches (or embroidery) as indicated in Article 3.3.A.

Rationale:
Rally America would like competitors to carry championship patches and/or embroidery on their driving suits, but does not wish to force them to alter their suits in a manner that is unsafe or invalidates the homologation of the suit.

Questions regarding this bulletin received by Rally America from licensed Drivers and Co-Divers will be answered in writing.
